Mr. Conrow,

thank you for your email and the attached 'flyer'.

this is the first time i have seen this document. the document was released without my review or approval.

i can only attest to the statement that was contained in the original article that addressed the San Pedro LPG facilities. a copy of that article is attached. see the last three paragraphs.

Professor Bea,

I have just received the attached flyer has been distributed by Janet Gunter and other members of the San Pedro Peninsula Homeowners United. Do you endorse this flyer and the information contained in the flyer? As the Western District Manager for the Rancho LPG Facility in San Pedro, CA, we have concerns about the validity of much of this information.
